News and Info Portal

Promote your Website: Banner advertisement is the best way to reach your desired internet audience

Why Should You Advertise Online? The fact is, most households are now using the Internet, the fastest growing medium in history. The Internet is becoming as popular as television (like in America) as a way to spend free time. Over 90% of all businesses use the Internet, with over 75% saying they make buying decisions or research products that way. Online advertising has already become as important as magazine, newspaper or radio ads. Many companies are taking advantage of the marketing opportunities on the Internet, and not only with the required company web sites. We have all 4 popular extension Com, Org, Net, Info

So why advertise with us? Our online News portal Tritiomatra is the premium landing sites and information resources for Bangladeshi living in BD and around the world. From breaking news stories, interviews, sports, music, articles and updates to in-depth analysis of the events shaping our portal, there is only one publications that has such a trusted track record. We offer you the chance to microtarget your advertising to almost any kind of consumer you might want to reach.
